Has the village ever tried to establish a good clean water source? If so, how?And when? NO

Water Source Type	UTM	UTM	ELEVATION	Functional? Y / N	Condition of water source and water
SHALLOW WELL	36M 0557645N	9708751E	1197M	NO,	NONE
TRADITION WELL	36M 0557776N	9708623E	1165M	NO	NONE
TRADITION WELL	36M 055890N	9708805E	1159M	NO	NONE
RIVER SIMIYU	36M 0558151N	9709106E	1142M	yes	DIRT

In addition to the list of water sources in the village, add descriptions for the condition of the water sources, the quality and quantity of the water at each source and how the water sources could be improved. For boreholes, try to find out the total depth, depth to water, and the flow rate, when it was drilled and by whom, etc. Take a photo of each water source.

AS IT CAN BE SEEN IN A PICTURE THE WATER USED BY FAMILY IS FROM THAT RIVER SIMIYU, WHERE BY ANIMALS ALSO DRINK WATER THERE,. DURING THE NIGHT DAY SOME OF FAMILY FETCHES WATER IN SHOWN TRADITION WELL.

What is the best source of water in this village? RIVER SIMIYU far to most people travel to it? 1KM,. IS THE BEST SOURCE TO THEM BECAUSE THEY ARE MAKING A POND THERE WHEN THE RIVER ENDS DRY, Does anyone haul and sell water in the village? NONE How much is it? ---

Questions for village leaders:

How do you think this village can get safe and reliable water? THEY HAVE NO HOPE AGAIN, JUST DEPEND ON RAIN, SINCE THE ASKED THE HELP FROM GOVERNMENT TO HAVE A DEEP BORFEHOLE BUT NO RESPONSE.

What is the opinion of the current water in the village? What is good? And what needs improvement? THERE IS NOTHING TO BE IMPROVED RATHER THAT TO BE FUNDED A WELL IF IT IS POSSIBLE.

Is this village willing to raise 150,000 TSH to start a well maintenance fund? YES

Is this village or church willing to donate a site for a borehole that everyone could access? YES

Is this village be able to build a fence and cement slab to protect the borehole? YES

Is this village willing to a water committee to manage the maintenance fees and ensure the borehole works for the next 20 years? YES

Is every household in this village willing to pay a fee to use water from a borehole? YES
